

# The FIRENZE FOUNDATION

Largest Youth-Led Catalyst Organisation Supporting Education in Rural Africa & Refugee Camps .

18+ Country Ambassadors 4 Different Continents

## WHO WE ARE?

We are a team of highly passionate, color blind, ethical and young catalyst changemakers committed to championing the course of realizing the right educational outcomes for rural education in Africa and edging STEM education amongst African Children

## VISION

The Firenze foundation aims to create a new paradigm shift of educational outcomes in rural Africa and edge STEM education amongst children on the African Continent.

## MISSION

Our mission is to improve rural education in Africa based on two founding blocks provision of educational materials and a strategic down-to-earth STEM mentorship program.

# PROGRAMS & INITIATIVES

## PROJECT BOACHILD | FIRENZE LIBRI & COMICS

Project Boa Child is an initiative where children and teens in rural geographical boundaries and refugee camps in Ghana and Sub-Saharan Africa are periodically given basic materials for studies through the Boa Child X-Package. Accompanied with the Firenze Libri & Comics, the Firenze foundation is creating a paradigm shift of literacy levels of rural kids in Sub-Saharan Africa through inspirational and carefully crafted African Comic books.

## FIRENZ MENTORSHIP PROGRAM

## PARTNERSHIPS

A key approach for the Firenze foundation is working collectively towards achieving the UN Sustainable Development Global 2030 specifically SDG 4 .We are open to partnerships particularly with multilateral organizations & corporate organizations who have the same aim or similar interest in improving educational outcomes in rural Africa .

## GLOBAL YOUTH AT THE CORE OF WHAT WE DO !

We are reinforcing the hope in the African Youth to make real and meaningful change .With over eighteen Firenze country Ambassadors from Africa ,Europe, America and Asia we are steadily creating awareness of social impact by the African youth through our blogs and championing the course of improving rural education in Sub-Saharan Africa .

The Firenze Mentorship Program is the flagship program of the Firenze foundation .The mentorship program has gone through rigorous re-evaluation to make it a transformative and whole centered initiative .Through an online based mentoring for rural kids in Sub-Saharan Africa- skills harnessing and academic mentorship is being realized towards achieving the UN Sustainable Goals 2030

## THE CODEGE

CodEdge is a STEM inclined initiative which is geared towards imbibing STEM education and skills to children across Africa. A well-structured designed curriculum coupled with innovation is what the CodEdge offers. Through basic concepts in computer science and hardware programming , we seek to create problem solvers at an early stage in life. It is a two - week summer bootcamp where students finally pitch their projects in teams to judges at the CodEdge Climax.

## FIRENZE WOODBLOG

The Firenze Wood Blog is aimed at increasing awareness amongst the youth of Africa in relation to STEM and social impact. The blog curates a myriad of insightful facts about science and feature inspiring stories across Africa.

## OUR YOUTH PANEL

Our youth panel when formed in July 2019 will extend the Firenze foundations vision to several universities on the African Continent as Firenze Clubs. Through this, we would ensure that the grassroots are participating in improving rural education in Africa.
